

Monthly Newsletter

We are so excited to begin a new month of learning at Premier Preschools. Please make note and mark your calendars, we have three closings for the month of November. We will be closed Monday November 12th, so we have the opportunity to meet with families for parent-teacher conferences. We will also be closed on November 22nd and November 23rd so that everyone can enjoy the thanksgiving holiday. Friendly Reminder we will go outside even when it's cold so please make sure your child brings a jacket or coat to school with them. With the colder weather season arriving please be mindful of Premier Preschools sickness policies, children should be symptom free for a twenty four hour period before returning back to school. We look forward to another great month!

Fall Leaves and Soup Sensory Bin

AUTHOR
DYAN ROBSON

It's quick and simple to put together, encourages fine motor practice, and is a great reflection of the swirling, colorful leaves of fall.

To put this fall themed sensory activity for kids together, I used:

- Water
- [Liquid watercolors](#) - I used a mixture of orange and yellow to achieve the golden color. You could also use [food coloring](#) to tint the water.
- [Acrylic leaves](#) - Mine are from Michaels and Target.
- Kitchen utensils - I added a whisk, a ladle, a large spoon, and a large plastic bowl, but other things to add are measuring cups, measuring spoons, etc.
